NSD 360 H.S.I
Sperry 400B – A/P – F/D – with Y/D
King KWX56 Color Radar (IN OP.)
Dual insight engine graphic monitor

Interior:

This Interior is tastefully done and is in very nice condition! The two crew seats and four passenger seats were recovered in Leather from Aeristo Volaero Brussels. The headliner was recovered in Izit Leather Grey Luster from Willow Tex. Side panels and curtains recovered with fabric tapestry. Replaced carpet with 100% wool. All seat belts rewebbed by Aircraft Belts, Inc. in gray. Soundproofing material from Skandia ADC was installed under carpet headliner and side panel. We at RidgeAire rate this an 8 out of 10. This Interior was completed in June of 2006.

Exterior:

This Crusader is beautifully crafted with accents of steel blue and a sparkling gold. The aircraft is white which pairs nicely with the stripes of color that flow down from nose all the way to the tail. We at RidgeAire rate this exterior an 8 out of 10. It was completed in June of 2006.

MODS & Equipment:

Cruise Air, INC. STC
Fire Extinguisher
Annunciator Panel
Power plugs in cabinet
Air Condition
Emergency copilot hatch
Arm Rest
Electric Trim
Factory Corrosion Proofing
